Complete the tasks within the given time

Document the work

How do I clean the data? How long does it takes to complete?

Where do I get the dataset?

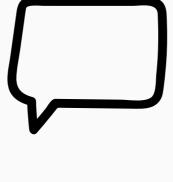

Needs consistent development

SAYS

**THINKS** 

How to give the creative solutions?

How to analyze the dataset?

**DOES** 

**FEELS** 

Expect to have multiple options

Tries to spend lot of time on work

Provide
Details Of
Work

Working

collaboratively

to solve the

task

Seek help from mentors when needed

Get

meaningful

insights from

the data

How do I get started?

How to work efficiently as a team?
